

ARIZONA STATE SENATE
Fifty-Second Legislature, Second Regular Session

FINAL REVISED
FACT SHEET FOR H.B. 2013

information technology; transfer; title 18

Purpose

Establishes a new A.R.S. title governing information technology (IT) and repeals statute related to the year 2000 failures.

Background

The Arizona Department of Administration (ADOA) is charged with developing, implementing and maintaining a coordinated statewide plan for IT including the following: 1) adopting statewide technical, coordination and security standards for IT; 2) serving as statewide coordinator for IT resources; 3) developing a statewide disaster recovery plan; 4) developing a list of approved projects by priority category; 5) developing a detailed list of IT assets; 6) evaluating budget unit IT plans; and 7) evaluating specific IT projects relating to the approved budget unit and statewide IT plans (A.R.S. § 41-3504).

Statute defines *information technology* as all computerized and auxiliary automated information processing, telecommunications and related technology, including hardware, software, vendor support and related services, equipment and projects (A.R.S. § 41-3501).

There is no anticipated fiscal impact to the state General Fund associated with this legislation.
